Planning the Search Function

The Planning the Search Function is a NEWSAR Certificate course in which students are presented with the responsibilities of the Plans Section, use of ICS forms, mapping applications, briefing and debriefing requirements as well as hands on map exercises to prepare future planning staff for the next search. This class is restricted to law enforcement and the special planning considerations of the stranger-type child abductions will also be presented. Participants will be versed in the latest planning aids and exposed to the National Center for Missing and Exploited Children (NCMEC) and their contributions for planning considerations with missing and abducted child cases.

32 hour class Fee: \$85.00 includes text, handouts, CASIE 3.
